### **Roland Recycling Program**

Conect is pleased to confirm we are now part of the Roland Ink Cartridge recycling program. To join in and play your part in helping the environment, simply return your empty cartridges to your nearest Conect Branch!

For more information click here:

<http://www.conect.net.au/documents/Rolandinkrecycle.pdf>

### **Conect Croydon is moving!**

As mentioned previously, Conect Croydon will re locate to larger premises in October! Due to fast growth in the eastern suburbs and terrific support from our local trade customers we have invested in a facility twice the size of our current warehouse. This will help us to continue to provide our customers with the very best service we can. We anticipate only

minimal disruption during the move and will notify all customers of the move details and new contact details.

### **Price increases – Effective 1<sup>st</sup> of August**

It was with regret we informed all customers in July about a price increase on sign vinyl products on the 1<sup>st</sup> of August. This price rise has now officially gone through and we thank all of our customers for their understanding and support. You can **download** our up to date pricelist on our website now by visiting here: <http://www.conect.net.au/pl/Conect Price List August 2008.pdf>

### **Facebook**

Conect now has its own Facebook page! Become a fan today and keep up to date via Facebook! [www.facebook.com](http://www.facebook.com). There are photos of our recent Avery Wrap course on the Facebook page.

### **New Product Focus – JM's PVC Free TEXTILES.**

***Yes you can print these with an Eco solvent, Solvent or UV printer!***

Now you too can print your own flags, umbrellas, light boxes fascias and brilliant wall graphics using Conect's revolutionary JM PVC free Textiles!

No need for Dye Sublimation technology when you can print **DIRECT** to **FABRIC** on your **current** wide format printer! How easy is that! Start creating new products to sell to your clients today!

JM Fabrics come in various different textures – sample swatches now available. Contact us for more information at [info@conect.net.au](mailto:info@conect.net.au)

## **SISER Videoflex PS**

*Heat Transfer Film – full colour range now in stock.*

Siser Videoflex PS is ideal for multiple colour over lays and small text. It's adhesive liner makes small text a breeze especially when doing large runs!

**Don't forget** we have a great range of printable heat transfer films as well that can be printed on most eco solvent and solvent printers! You can review our range here:
