

**AVERY
DENNISON**

Workshop 2023

**Preparation & Overview:
Advanced Vehicle Wrapping,
Fleet and Auto Aftermarket**

Friday 22 September 2023

Ball & Doggett

Ball & Doggett together with Avery Dennison are delighted to offer a workshop designed to put you in the driver's seat and steer you in the right direction.

Vehicle graphics and wraps are some of the most challenging and demanding applications and require a specialised skill set to ensure they stand the test of time.

This course is designed to ensure participants understand all of the variables involved with this critical application and have the confidence to provide customers with a sound, professional and durable solution that looks great.

Starting with an overview of the key considerations and techniques for fleet and auto aftermarket application, we move on to cover a very concise curriculum that covers a broad spectrum of techniques.

The workshop is predominantly hands on training and will provide knowledge for making the application process quicker and easier while pointing out the critical areas of importance in this specialised field.

Avery Dennison is dedicated to providing high-quality technical support and training to users of all its products. This is achieved by Avery Dennison technical staff being on hand whenever you need them.

All Avery Dennison workshops are led by an experienced Avery Dennison product specialist along with an industry-leading professional applicator.

WORKSHOP CONTENT:

- Product overview and selection
- Conversion and Production
- Cleaning and Preparation
- Differences between Fleet and Auto Aftermarket
- Application techniques and procedures
- Demonstration and practical hands on Wrapping:
Passenger Vehicle (compound curves) & Commercial Van (deep window recess)
- All attendees receive a complimentary applicators pack, full of Avery Dennison tools
- All attendees obtain an Avery Dennison certificate of completion
